(“SilverCrest” or the “Company”) announced today that it has filed its notice of meeting, management information circular (the “Circular”) and related documents (collectively, the “Meeting Materials”) with securities regulators in connection with the special meeting (the “Meeting”) of the holders (the “Shareholders”) of common shares of the Company (the “SilverCrest Shares”) and the holders of stock options of the Company (the “Optionholders”, and collectively with the Shareholders, the “Securityholders”). The Meeting Materials have also been mailed to Securityholders and can also be accessed at the Company’s website at <https://silvercrestmetals.com/transaction/>.

The Meeting is to be held on February 6, 2025 at 10:00 a.m. (Vancouver time) at the offices of Cassels Brock & Blackwell LLP at Suite 2200, RBC Place, 885 West Georgia Street, Vancouver, British Columbia. The Meeting can also be accessed via live webcast at meetnow.global/MHZWLAD. Only holders of SilverCrest Shares and stock options of record as of the close of business on December 19, 2024, the record date for the Meeting, are entitled to receive notice of, attend and vote at, the Meeting. Any Securityholder attending the live webcast will not be able to vote during the Meeting. Only Securityholders who are present in person and entitled to vote at the Meeting are able to vote during the Meeting.

At the Meeting, Securityholders will be asked to pass a special resolution (the “Arrangement Resolution”) approving an arrangement (the “Arrangement”) with Coeur Mining, Inc. (“Coeur”), whereby SilverCrest shareholders will receive 1.6022 shares of Coeur common stock for each SilverCrest Share held (the “Exchange Ratio”) pursuant to the terms of an arrangement agreement entered into between SilverCrest and Coeur on October 3, 2024 (the “Arrangement Agreement”). The Exchange Ratio represents an implied value of US\$11.34 per SilverCrest common share, based on the closing price of Coeur on the New York Stock Exchange (“NYSE”) on October 3, 2024. This represents an 18% premium based on 20-day volume-weighted average prices of Coeur and SilverCrest each as at October 3, 2024 on the NYSE and NYSE American, respectively, and a 22% premium to the October 3, 2024 closing price of SilverCrest on the NYSE American. The Exchange Ratio implies a total equity value of approximately US\$1.7 billion based on SilverCrest Shares outstanding. Upon completion of the Arrangement, existing Coeur stockholders and SilverCrest shareholders will own approximately 63% and 37% of the outstanding common stock of the combined company, respectively, based on the outstanding securities of both companies as at October 3, 2024.

Benefits to SilverCrest Securityholders

- Immediate and significant premium of approximately 18% based on the 20-day volume-weighted average prices of Coeur and SilverCrest respectively (as at October 3, 2024 on the NYSE and NYSE American, respectively), and 22% based on the October 3, 2024 closing prices of both companies
- Substantial equity participation in Coeur’s high quality and diversified portfolio consisting of four robust operating mines in U.S. and Mexico and an exploration property in Canada, while maintaining meaningful exposure to the Company’s high-grade, low-cost and high-margin Las Chispas operation
- Potential for the combined company to generate significant 2025 silver production with the addition of Las Chispas to Coeur’s growing silver production from its recently expanded Rochester mine in Nevada and its Palmarejo underground mine in northern Mexico

- Approximately US\$700 million¹ of EBITDA² and US\$350 million¹ of free cash flow² are expected to be generated by the combined company in 2025 at lower overall costs and higher overall margins for Coeur, with more robust cash flow as a result of multiple producing mines in a diversified portfolio and augmented by SilverCrest’s strong balance sheet and no debt
- The combination of SilverCrest’s strong balance sheet and its strong cash flow profile are expected to accelerate Coeur’s debt reduction initiative and result in an immediate 40% expected reduction in Coeur’s leverage ratio upon closing of the Arrangement
- The Arrangement with Coeur is the culmination of a comprehensive strategic review process overseen by the Company’s board of directors (the “Board”) initially, and subsequently, the special committee of independent directors (the “Special Committee”), as further described in the Circular
- The combined company will be better positioned to pursue a growth and value maximizing strategy as compared with SilverCrest on a standalone basis, as a result of the combined company’s larger market capitalization, asset and geographical diversification, elimination of single asset risk, technical expertise, greater trading liquidity, enhanced access to capital over the long term and the likelihood of increased investor interest and access to business development opportunities due to the combined company’s larger market presence
